/16

A detailed architectural sketch of an interior space, possibly a room or a section of a building. The drawing is done in black ink on a light-colored paper. It features a large circular light fixture in the center, with lines radiating from it, suggesting light distribution. Below the circle, there is a rectangular area with a grid pattern, which could represent a floor or a wall. The sketch is composed of various lines, including straight lines, curves, and hatching, creating a sense of depth and perspective. The overall style is technical and artistic, typical of architectural drawings.
