TRADITIONS AND CONTEMPORARY STYLE

Natural elements and man's creations have always existed in Venice:
an ideal place for designing and making original lighting elements.
But everyday reality requires research.
Façon de Venise contaminates Venetian traditions, discovers new paths and looks beyond the horizon,
with a desire to excite and seize the style of our times.

CONTEMPORANEO
E STORIE

STORIE E CONTEMPORANEO

A Venezia da sempre si incontrano elementi della natura e idee dell'uomo:
un luogo ideale per disegnare e costruire forme di luce originali.
Ma la realtà odierna ci impone la ricerca.
Façon de Venise contamina memorie veneziane, scopre nuove vie
e volge lo sguardo oltre l'orizzonte,
con il desiderio di emozionare e catturare il gusto del nostro tempo.
