Forms concept

Forms 01 Set

Puristic, clean set of bath and washbasin with a refreshing element of asymmetry.

Forms 02 Set

design nosal®

Subtle transformation of the longitudinal shapes of the bath and basin created an original concept.

Forms 01 Bath

Minimalism in its purest form

design nosal®

Shape that never gets old

Our designer transformed the usual symmetry of rectangular baths by making one of the sides wider than the other.

With the option of custom final implementation

You yourself can aesthetically finalise the design of the bath so that it fits with your personality and your bathroom. By using a wood corpus, ceramic tiling or artificial stone, you will give your bath a different overall look. We also offer a white panel for the bath.

Product (type)

BATH

Forms 01 170x75

Forms 01 180x80

SUPPORTS + PANELS + PANELKITS

Forms 01 170x75 support

Forms 01 180x80 support

Front panel U 170

Front panel U 180

Front panelkit

Side panel U 75

Side panel U 80

Note: The Forms 01 bath can be complemented with BVS1, BVS2, CVS2, PVS1, VS2, VS3 or VS5 bath screens, or bath door AVDP3. We recommend using an 800 mm drain set with the bath.

Forms 02 Bath

Slight curvature for new dynamics

design nosal®

New design for a classic bath

The familiar rectangular bath shape was re-energised through slight curvature. The curved inner shape of the bath brings into the bathroom a pleasant atmosphere and greater enjoyment from bathing.

With the option of custom final implementation

You yourself can aesthetically finalise the design of the bath so that it fits with your personality and your bathroom. By using a wood corpus, ceramic tiling or artificial stone, you will give your bath a different overall look. We also offer a white panel for the bath.

Forms Washbasins and Tables

design nosal®

Two different shapes, for both a minimalist bathroom, and a more dynamic atmosphere. Spacious washbasins with subtle bordering and a clean look.

CONCEPTS	50/60
	WIDTH

Ample storage space
Wide choice of colours
Special impregnation against humidity

Colour design:			80/100/120	IMPREGNATION AGAINST HUMIDITY
Walnut	Oak	White		
Boards are available in white, oak or walnut.			WIDTH	

Forms 01 Washbasin

500 / 600 x 390 mm
Pleasantly large space for washing and universally modern shapes.

Forms 02 Washbasin

500 / 600 x 410 mm
Aside from practical advantages, also provides an aesthetic experience thanks to the slightly arched shapes.

For basins from the Forms series, we recommend the use of the TD 015.00 tap.

WASHBASINS	Dimensions (mm)
Forms 01 washbasin	500x390
Forms 01 washbasin	600x390
Forms 02 washbasin	500x410
Forms 02 washbasin	600x410

EXTRAS
Washbasin waste plug, fixed
Chromium-plated waste trap

L Table

800 / 1000 / 1200 x 550 x 50 mm
Table with an original shape, primarily for Forms washbasins. Attachment to the wall using special hidden brackets which are a part of the package. Pre-cut opening based on the shape of the washbasin.

TABLES	Dimensions (mm)
L table 800	800x550x50
L table 1000	1000x550x50
L table 1200	1200x550x50
I table 800	800x550x70
I table 1000	1000x550x70
I table 1200	1200x550x70

I Table

800 / 1000 / 1200 x 550 x 70 mm
Universal table for washbasins. Attachment using classic brackets included in the package. Without a pre-cut opening; suitable for the majority of basins thanks to sufficient depth (distance from the wall).

Product dimensions are specified as width x depth

Product dimensions are specified as width x depth

Ring Washbasins and Furniture

Modern shape - the horizontal line of the basin follows the bathroom wall and does not intrude into the space. The longitudinal orientation of the basin provides freedom of movement for the arms

Doubled storage space - non-traditionally partitioned vertical cabinet. Compact and fresh unit for every bathroom

Colour design:
Grey White

The cabinet doors are always in all white or grey colour..

IMPREGNATION AGAINST HUMIDITY

Ring Washbasin

800 / 1000 x 380 mm The basin cannot be installed onto the wall separately; installation is only possible in combination with the cabinet.

The Ring washbasins fit nicely with the Chrome bathroom extras. They facilitate cleaning and ensure long-term satisfaction thanks to durable and easy-to-maintain materials..

WASHBASINS	Dimensions (mm)
Ring 800 washbasin	800x380
Ring 1000 washbasin	1000x380
EXTRAS	
Washbasin waste plug, fixed	
Waste trap U pipe	
Chromium-plated waste trap	

Product dimensions are specified as width x depth

Ring Mirror

800 / 1000 x 29 x 700 mm
The height of this simple mirror will satisfy every member of the family.

SD Ring

800 / 1000 x 380 x 420 mm
The horizontal implementation of the cabinet and basin provides more space in the bathroom and more room for storage.

FURNITURE	Dimensions (mm)
Ring mirror 800	800x29x700
Ring mirror 1000	1000x29x700
SD 800 Ring	800x380x420
SD 1000 Ring	1000x380x420
SB 300 Ring	300x300x1550

L - left-sided option, R - right-sided option.
Product dimensions: width x depth x height

SB Ring

300 x 300 x 1550 mm L/R
Exceptionally practical! Shelves are fitted not only in the body, but the door of the cabinet as well. Subtle metal barriers in two heights prevent the items on the shelves from falling.

Clear Washbasins and Furniture

Simple and elegant washbasins, pure of form. The longitudinal orientation of the basin provides freedom of movement for the arms

Simply luxurious thanks to accurately angled edges at 45°, which fit perfectly and soothe the eye. Real ash veneer on the door in trendy cherry hue

Colour design:
Cherry White

The cabinet doors are in white or cherry always in combination with a white side decoration.

IMPREGNATION AGAINST HUMIDITY

Clear Washbasin

800 / 1000 x 380 mm
The basin cannot be installed onto the wall separately; installation is only possible in combination with the cabinet.

The look from the side is undisturbed by any superfluous material, the edges are perfectly trimmed and fit to a millimetre. The longitudinal orientation of the basin with furniture does not intrude into the bathroom space.

WASHBASINS	Dimensions (mm)
Clear 800 washbasin	800x380
Clear 1000 washbasin	1000x380
EXTRAS	
Washbasin waste plug, fixed	
Waste trap U pipe	
Chromium-plated waste trap	

Product dimensions are specified as width x depth

Clear Mirror

800 / 1000 x 440 mm
Mirror with an integrated light. Designed to be placed above the Clear washbasin.

SD Clear

800 / 1000 x 380 x 420 mm
The depth of the basin and the cabinet is almost 40 cm. The cabinet creates a longitudinal, horizontal look and does not intrude into the bathroom space.

FURNITURE	Dimensions (mm)
Clear mirror 800	800x30x440
Clear mirror 1000	1000x30x440
SD 800 Clear	800x380x420
SD 1000 Clear	1000x380x420
SB 400 Clear	400x350x1550

L - left-sided option, R - right-sided option.
Product dimensions: width x depth x height

SB Clear

400 x 350 x 1550 mm L/R
The double door along with the inner drawer provide a pleasantly partitioned space for the placement of items of various sizes.

fixed walls: PSS APSS BLPS RPS CPS SMPS

L - left-sided product option
R - right-sided product option.

Hydromassage Panels

Jet Light

Subtly elegant, yet effective: those are the words that characterise the Jet Light hydromassage panel. Its aluminium body carries four directionally adjustable jets for massaging the main body parts; also includes a head and hand shower.

Large-size head shower

Product (type)	Dimensions (mm)
Jet Light	230x1420
Jet Pure	280x1550

Jet Pure

Due to the placement of the controls, thermostatic tap and hand shower on the side of the panel, the Jet Pure does not place high demands on the depth of the shower enclosure and lines up optically with the wall. This allows the simple body with three jet zones and head shower to stand out even more. The washing and running jet with intense stream will serve you in every day use of the shower enclosure.

Practical placement of controls on the side of the panel

Classic Water Tap

Slim and elegant

The graceful shapes of the Classic taps delimited by the straight top surface perfectly complement the subtle lines of the baths and basins. New practical details fulfil all the requirements of modern aesthetics.

Hidden aerator - allows the elegant curves to shine.

FLEXIFLOW

Thermostatic Water Taps and Dual Shower Systems

Constant Water Temperature

The thermostatic tap will balance the changes of water pressure and temperature in the pipes, ensuring the water of the shower will always be the temperature you have set. You will never look back once you have tried the thermostatic water tap.

EASYCLEAN

Easy way of scale removal.

CLEANER CHROME

To clean the taps, use the RAVAK Cleaner Chrome or other non-aggressive cleaners which will not damage the chrome surface layer.

5 YEAR WARRANTY ON WATER TAPS

All thermostatic taps feature a ceramic cartridge for water flow control and a thermostatic cartridge for water temperature control. Like the complete water taps, the cartridges are guaranteed for 5 years.

Showers and Extras

Long-term Pleasure and Delight

The shower's beautiful design fulfils not only the aesthetic function, but also ensures resistance of the entire mechanism, long service life, lower water consumption, simple cleaning and maintenance.

SOFTRAIN

SoftRain is a technology which allows air to be sucked automatically into the shower head, thus saving water. Moreover, the stream of water enhanced with air bubbles makes the showering experience even more relaxing.

CLEANER CHROME

To clean the taps, use the RAVAK Cleaner Chrome or other non-aggressive cleaners which do not damage the chrome surface layer.

EASYCLEAN

Function for simple cleaning of small shower nozzles. Scale formed on the jets can be simply wiped off with a gentle touch of your hand.
