MONDRIAN Sideboard

When art becomes a sideboard your room acquires an evermore inspiring atmosphere. A grid of vertical and horizontal lines, reminiscent of Piet Mondrian, forms square and rectangular drawers in varying sizes. This stunning sideboard is composed of a collection of styles and typologies of drawers that consist of different

finishes from black glass to white leather and white lacquer to miniature BL logo's all encased in a clear glass box and supported by a high gloss white lacquer solid wood base. Many of the drawers are accented with fabric lined bottoms, and handcrafted brass pulls in a natural finish and coated in chrome.

MONDRIAN Bar

Inspired from the composition and typology of our famous Mondrian, Brooklyn arises with the aim of satisfying a different function. Intended to be a bar,

this seductive piece brings a new form to the Mondrian family and is specially arranged to keep the entire ritual associated with the pleasures of drinking.

DIAMOND Sideboard

Designed to be the faceted crown jewel to play on Boca do Lobo's reputation as furniture jewelers and justify the title, this opulent object of desire features two highly sculptured doors leading to a gold leaf interior with shelving and two drawers. Inspired by Gothic furniture of the Romantic period with its ability to harness the

power of the imagination to envision and escape, and its strong style with presence and strength. The exterior of this fanciful piece is covered in silver leaf finished with a luxurious shade of translucent amethyst high gloss varnish. The whimsical lions head feet are intricately hand carved from mahogany and completed with a gold leaf.

By using
golden leaf
we recover stories of passion that evoke
unique moments of rare opulence.

FOREST Cabinet

This exotic piece was inspired by nature and its forms and functions. With the intention to reinterpret the outdoors and bring it inside, the structure of this unique piece is made of wood which is then layered with stainless steel and an overlay of a stylized black lacquer

branch fretwork. The base is carved from mahogany and the interior is compartmentalized with angling shelves covered in gold leaf finished with a translucent orange high gloss varnish.

W. 140 cm | 54,6" H. 160 cm | 62,4" D. 55 cm | 21,5"

BONSAI Table

An empowering statement piece, this dimensional object of art is suggestive of mineral and natural formas, as if suddenly crystallized the silhouette of a tree becomes

a precious object. The inherent texture of the particle board wood forma is visible through its translucent rainforest tone, a BL custom colored high gloss varnish.

W. 147 cm | 57,87" H. 214 cm | 84,25" D. 6 cm | 2,36"

VICTORIA Cabinet

This seductive piece transcends traditional and modern boundaries. A luxurious cabinet covered in black glass which is cut and beveled giving a fractured appearance. The base is hand carved from mahogany in

a true baroque style. With a delicate touch on the doors they open to a vibrant yellow translucent finish over a natural wood leaf housing five drawers and a single smoked glass shelf.

GOLD Folding Screen

Innovative yet sublime this piece of art was designed in true BL style. Reminiscent of a group of pebbles forming a sculptural like composition at the bottom of a river,

this ultra lux screen is fashioned from nineteen pieces of fiberglass filled with expandable polyurethane and finished in gold leaf with gloss varnish.

W. 201 cm | 79,1" H. 145 cm | 57,1" D. 14 cm | 5,5"

NEAPOLI Mirror

W. 185 cm | 72,83" H. 162 cm | 63,78" D. 9 cm | 3,54"

D. MANUEL Cabinet

Named after King Manuel I of Portugal, best known for his support of Portuguese exploration; this noble cabinet takes inspiration from the Portuguese Manuelino style and a city skyline. Style. This turned base and the skyline silhouette are covered in copper leaf and finished with an ombre style fading created using a translucent black high gloss varnish. The interior of the cabinet is finished in a copper leaf with high gloss varnish and features three drawers and a bronze glass shelf.

TORTUGA Chest

Travel to a universe of pirates and treasure your adventures in this chest. Sleek metallic and boldly dazzling this piece is layered in varying angled cuts of highly polished brass dipped in gold, each piece is

individually applied to the frame by a jeweller. The inside of this magnificent piece is lined in a green copper ultrasuede.

W. 120 cm | 47,2" H. 60 cm | 23,6" D. 60 cm | 23,6"

OPORTO Cabinet

Intricately designed, this cutting edge piece was inspired by the city of Porto and the rhythmic undulating of its black slate roof tops and building facades. Through reflection ingredients such as decontextualization, irony, drama and extravagance were added and Oporto came to life. The cabinet is

sheathed in individual scales which are finished in a silver leaf with a high gloss varnish. Its doors feature openings which are spanned with a metal mesh. The interior functions with three glass shelves and is finished in a silver leaf covered with a translucent lapis paint with a high gloss varnish.

CROCHET Chest

The mood of the moment dictates fantasy and heritage. As its name denotes, this sensational piece was inspired by the traditional craft of crochet, a process of creating fabric that consists of pulling loops of yarn through other loops. The method of crocheting was reinterpreted in this piece through the forging of 60kg of classic

brass pulls by a local jeweler resulting in a mesh which adorns the sinuous silhouette of the piece. The solid wood frame consists of seven drawers finished with a darkened gold leaf that ensures a mystery and an elegance which contrasts with the vibrant jewel-toned purple of the handles.

Devotion and love
are dedicated to our
priceless collection.

PIXEL Cabinet

Pixel is an effort to honor the union between design and craftsmanship. The 1088 triangles that complete this piece, with a diversity of finishes never before seen combined - silver leaf, gold leaf, lacquering, and 10 different types of wood leaf - carry the dedication and

art of those who built it. Inside this piece we reinterpret a material and technique left in time - aged mirror and "capitoné". The polished brass base gives Pixel a unique personality, a strong and at the same time sophisticated character.

W. 80 cm | 31,5" H. 163 cm | 64,17" D. 60 cm | 23,62"

TIME GOES BY Clock

Novel yet with a classic appeal this piece is a dynamic twist on the time-honored grandfather clock. A handcarved mahogany framed digital clock with a cut stainless steel pendulum is encased in a smoked glass

box supported by an ornate handcarved mahogany base covered in silver leaf and finished with a combination of high gloss amethyst and smoked black translucent varnish. .

FRANK Chest of drawers

Capturing the vitality of the forest, the prominent Frank pays homage to Frank Lloyd Wright's Falling Water. The luminous textures of the exotic woods, metallic leafs, lacquers, glass and mirror are interwoven into rhythmically cascading drawers.

W. 82 cm | 24,8" H. 128 cm | 79,92" D. 51 cm | 20,07"

Each marquetry piece
is created in a genuine style.

MONOCHROME Console

A frontier between design and art, the undulating shape of this piece was envisioned from the intriguing chemical reaction which occurs when a material liquefies and subsequently solidifies with changes in temperature. Its fluid and unusual form is molded from

fiberglass filled with expandable polyurethane. Finished in a high gloss its name, Monochrome, is a reference to the use of a single material with a uniform and matte tone of electric blue; a color that translates the vivacity and emotion which is expressed in this piece.

SYMPHONY Cabinet

The Symphony cabinet is the latest piece to grace the Limited Edition collection. A cluster of 95 polished

The background is a solid black field. On the left side, there is a large, complex, low-poly geometric shape in a dark charcoal grey. It has many sharp edges and facets, some of which are slightly lighter than others, giving it a three-dimensional appearance. To the right of this shape, there are several smaller, more angular geometric forms, also in dark grey, some of which are partially obscured by the larger shape. The overall aesthetic is minimalist and architectural.
